About the Journal

Jurnal Riset Manajemen (JRM) is a peer review journal published twice a year (January and July) by Magister of Management of Sekolah Tinggi Ilmu Ekonomi Widya Wiwaha.

(JRM) addresses the broad area of management science and its applications in industry and business. It is particularly receptive to research relevant to the practice of management within the emerging regions and its effects beyond. It covers studies on how management work is done (descriptive) and/or should be done (normative) in diverse organisational forms, either in profit or non-profit firms, private or public sector institutions, or formal or informal social networks.
